and therefore the petition is rejected and the action of the Aesessor sustained.

In the matter of the petition of the People's Bank, claiming an erroneous assessment for 1877, in the sum of \$31,-360, and asking that the same be placed at \$10,137 51, the evidence abows that the return made by the Bank of \$10,137 51 is an excessive one. By error, there was included the sum of \$408 99 in said return. We therefore order the assessment for 1877, on their resonal Bank to be placed at \$9,728 52, and that they be refunded on the amount in excess of the Assessor's return of \$21,51 43 being county tax \$123 16, State tax \$19 26, and State School \$24 63. The petition of the Assessment, are rejected.

In the matter of the petition of rosard beautiful to resonal property, having been burned out, March last, it is ordered that a refunded for said year, county tax \$25, the tax \$10, State school \$5. The petition of Thos. J. Blair, for Margaret Waters, and petition of L. C. Good, for reduction of assessment, are rejected.

In the matter of the petition of D. C. List, Esq., for a correction of his assessment for 1877, returned by the Assessor as \$140,000, and by the said List returned at \$42,250, the evidence shows no desire or effort to evade taxation, but a difference as to exemption, and by a statement little by Mr. List of personal effects it it shown to be as follows:

County bonds, that Mr. List supposed were exempt from tax, are only exempt from county, city or local tax, not from State; hence

Yet the question referred to is very plain and re-quires a return of property as stated to the Assessor. And the attention of the Assessor is

And the attention of the Assessor is especially called to this section for assessment of 1878; also in all cases of corporate companies, firms, individual capitalists, to leave the proper printed assessment returns and accept none that are not properly sworn to and in accordance with the law.

In the matter of the petition of James seel or g final store, and the petition of James attors and accept none assessment for 1876 on \$1,000 bank stock, said bank having paid the State tax, the same was examined and found

1877, that the committee held some thirteen sessions, duly summoning the petitioners before them with their counsel or attorneys, sitting as a court having final jurisdiction in such matters, with attorneys Hubbard and Jordan for the State and county. The parties being duly sworn they were fully heard, and we do find as follows:

In the matter of the petition of the Bank of the Ohio Valley, claiming that they had been erronously assessed for the year 1877, upon the sum of \$190,850, and asking that said amount be reduced to \$13,930, the evidence in the case failed to show that the said entry made by the Assessor was erroneous. Therefore said petition is hereby rejected, and the action of the Assessor sustained.

costing but \$1,700, it is ordered that it be placed on the land books for 1873 at \$1,500, and that J. C. Hupp be refunded for 1877 on \$1,600, being State tax \$3.20. State school \$1.60 and county tax \$5. In the matter of the petition of the City Bank, claiming an erronous entry on the Assessor's books for the year 1877 of the sum of \$30,000, and asking that the same be entirely stricken from the books, the evidence failed to reduce the assessment, and therefore the petition is rejected and the action of the Assessor sustained.

In the matter of the claim of the line of the line of Triadelphia district, of an erroneous extension for 1877, being on 109 acres and 2 roods, at \$23 85 per acre extension \$4,210 should be \$3,160, an excess of \$1,050. The committee on Poor House and Farm reported the following bills for the month of December: Poor House accounts, \$369 85; contingent bills, \$536 42. Ordered paid.

the Legislature, the proper legislature can be had to make this enterprise a success. It is safer to the property of our city and county that the young especially be trained differently than street lounging and idleness, and the more mature to a reform, rather than a continual thirty days' expense, only for a place to atay, and the common tramp to keep out of the city, or work 60 or 90 days, where he will be able to pay at least the greater part of the expense of keeping him and the inhabitants rid of this annoyance; the petty criminal before our courts a place to labor, rather than ite in a county jail doing nothing at the expense of the tax payers without remuneration. The above levy can be made without increasing the rate on tax, and in a few years the county would have an institution that would be a credit to them, and work a better reform in the order of our city and county without any additional tax.

TRANSPERS OF REAL ESTATE.—The fol I RANSFERS OF REAL ESTATE.—The lowing transfers of real estate were admit ted to record in the office of the Clerk of the County Court, yesterday:

ley, sen., executor of the last will and testament of Elizabeth Ann Redman, to Miss Mary Jane Redman, for lot No. 34 in Churchill's addition No. 1 to the city of Wheeling, except that part of said lot conveyed by the heirs at law of John Rdeman, deceased, to John Nolan; \$1,200. THE OTHER SIDE.-The friends of Mr.

THE OTHER SIDE.—The friends of Mrs. Henry Daub, widow of the man who committed suicide in Mt. Wood Cemetery last week, claim that the statements made by the newspapers of her harsh treatment of her husband have done her great injustice. They say that Daub left his wife three different times, taking with him all the money she had taken in at the saloon, and that she has had a hard struggle to make a living for herself and her seven children. Daub is represented as having been a dissipated man, 'who squandered all his wife's earnings, and neglected his family.

We are also requested to correct the statement that Daub was interred by the Order of Druids. He had been a member of that Order, but was recently expelled. He was likewise a member of the Knights of Pythias, and on the same night that he committed suicide charges were brought against him for immoral and improper conduct. However, the latter Society took charge of his remains and had them properly interred. HOUSE OF CORRECTION.

The special committee to whom was referred the project of erecting a House of Correction reported as follows:
GENTLEMENT:—Your Committee on Finance and Accounts report in the matter of a House of Correction and Employment, as referred to them by action of your Board June-4th, 1877, that several members of said Committee, and the Clerk, left the city on or about October 8th, 1877, on a tour of inspection of work houses and institutions of that nature at Baltimore and Philadelphia.

[Here follows a complete report of the tour of inspection made by the committee, the leading points of which were published in the INTELLIGENCER immediately after their return home. After describing the various institutions visited by them, and the manner in which they are conducted, the Committee continue]:

Now what is required to meet the wants of oho county in the construction of a work house?

de portion with skilled labor, and complete, as the demand arises, with inmate labor. The cost need not, in our opinion, exceed \$40,000 when completed, and surely the first year this amount won't be needed. We compare it with our Infirmary building, or buildings of a like character.

It may be well, perhaps, to consider the matter of State aid—as in Maryland; then any part of the State could send such offenders as could not properly be sent to the Penitentiary, and then have four directors from the State and five from the county. This part is marely a suggestion.

KIGHTS OF HONOR ENTERTAINMENT.

—A free entertainment is to be given in the Opera House this evening by Alpha Lodge No. 424, Knights of Honor. The entertainment will consist of literary and musical exercises, including an address by J.A. Ege, Esq., Supreme Dictator of the Order. At the close of the exercises the members of the Order, the guests, and all holding supper tickets, will adjourn to Neuhausen's Assembly Rooms, where a banquet will be spread. Components will be spread.

Components will be understand that parties in Moundaville who built moving machines last season, and who had suit brought against them for royalty, have now got the thing in such a shape that it will be settled to the satisfaction of all concerned. It appears that the Moundaville men were innocent of any wrong intention, and they will commence the manufacture of machines at an early day.

A raw days since an infant child of Mr. Jonas Pickett, who resides in South Wheeling, during the temporary absence of its nurse fell against a fire grate, sus-taining severe burns on the breast and face.

MEDICAL men often puzzle themselves over the large sale that Dr. Bull's Bay Syrup enjoys. Its great popularity is due only to the excellent qualities pos-sessed by this household medicine. 25

PRECAUTIONARY MEASURES NEEDED—
It is to be hoped that the City Council will to-night take some measures for the preservation of the records and other public documents in the offices of the City Clerk and Clerk of the Municipal Court. The matter was brought to the attention of Council some weeks aims, and referred to a committee, whice will probably report this evenings. The issecurity of the records at the present time is well known, and it is simply a waste of time and space to reiterate whan has so often been said. What the Conscil should do is to order the purchase of a couple of suitable safes, one for the City Clerk's office, and the other for the use of the Clerk of the Municipal Court. The two safes would not cost more than \$500, and that amount of money could not be better invested at this time. To build a vault would be a penny wise and pound foolish policy. It would be a great inconvenience to the city official, in leaving one side of the building open during the five or six months required to build and dry the vault, and it would also be exceedingly unwise to expend money in improving the rickety old ruin now adoing duty as a city building. As a matter of economy, we would recommend that Council order the purchase of the safes. PRECAUTIONARY MEASURES NEEDED.

ANOTHER FIRE AT ST. ALPHORME,
Phonaus Church seem to be in a rather
dangerous condition. On Sunday moraing a defective flue in this Church cause
a blaze which damaged the property to
the extent of some \$500 or \$500. That
flue was on the south side of the building.
Yesterday morning the flue on the north
side was the means of kindling a little
fire and a good deal of excitement. The
flames were promply extinguished, however, before any particular damage was
done. It is about time those flues were
receiving some attention. THE WAVERLY ANNIVERSARY.-The
